These Regulations apply to all potentially hazardous substances such as dusts, printing products, pesticides, detergents, bleaches, fumes, micro-organisms, paints, dyes and solvents as well as substances used in science experiments.

The master set of COSHH assessment records will be kept in the photocopying room. Copies of relevant assessments will be issued to individual departments/personnel.

No new substances may be brought into school without carrying out a full COSHH assessment. This is a legal requirement.

All hazardous materials will be purchased through County Supplies or other recognised scientific suppliers who provide hazard data sheets and/or appropriate labels with each substance purchased. A copy of any hazard data sheet so obtained must be passed to the Business Manager for filing with the COSHH assessments. It is our responsibility as purchaser to obtain any hazard data sheet so these must be requested as part of any order.

If there is any change to a scheme of work the staff involved must ensure that the Headteacher is informed in writing of any COSHH assessments required and that all relevant safety warnings are included on pupils worksheets, etc.

Departments holding stocks of hazardous substances (Science, Art, Technology, Office, Caretaker, Groundstaff, etc.) are required to check stock on a regular basis (at least annually) and list for disposal all substances no longer required.
