

Could the school encourage my child to help in the local area?

Our Y5 and Y6 pupils are encouraged to become involved in the Lifestyle community project, we will be supporting the local community through our harvest appeal later this term and our choir will be performing at the Civic Hall event towards Christmas. Last term our pupils from Y5 designed and built the website for the local business Mr Smith's Deli. If you know of other projects the school could be involved in, please let know.

Could the school provide more out of hours clubs and activities?

There are currently 21 extra curricular clubs available to various year groups.—many of these are timetabled over lunch times. This year we have introduced an additional skateboarding club, further gymnastic clubs later in the year and are looking to use more external providers where appropriate.

We have previously explored the possibility of a before and after school facility, but initial findings suggested that this would not be financially viable.

You said We did.....

You were unaware of the school's policy on Sex and Relationships and Special Educational Needs

You can find this information, along with many other policies on our school website.

www.westfieldprimaryschool.org

Please click on the policies link located in the Our School tab

You were concerned about the school's communication with parents

We aim to keep parents as informed as possible with our open door policy, annual reports, parent consultation evenings, website, text and email service. We have recently added Twitter @WestfieldCott and Seesaw to our communication methods. Please see your child's class teacher if you are unaware of how to access Seesaw.

Please note that the survey results were based on 40 responses—10% of the school population. We are keen to know your views. If you have any further suggestions on how we might improve school from a parent's perspective, please do not hesitate to get in touch.
