

## Westfield Foundation Stage Newsletter

### History, Jubilee and Pigs!

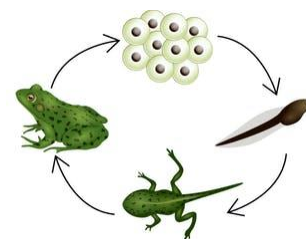

#### Our topic work

Over the Summer term our children will be looking at the past. They will be celebrating the Queen's Jubilee and learning about/meeting some pigs.

## Summer

### Frog life cycle

The children will be learning about life cycles particularly the life cycle of the frog.

Please send a cap or a hat for your child to wear at playtime and when they are in the outside play area. There is very little shade and your child needs UV protection. A small named bottle of sun screen can be kept at school.

### Transition

In the weeks to come your child will be spending a morning with their new year 1 teacher/teachers. We will also be doing various other transition sessions and activities.

### Summer Weeks

During the weeks commencing the 4th July the children will be having 2 'Summer fun' weeks. We will be focusing on the Summer season and enjoying time with loved ones in the sun.

### Sports day

Our EYFS sports day will be taking place on Thursday 16th June. We hope to make it a full day of sports and fun! Parents will be permitted to watch in the afternoon.

Please ensure your child has their P.E. kit, trainers, a water bottle and hat for this day. We will send kits home so your child can come to school ready and dressed for this occasion.

### Parts of a plant.

The children will be learning about the parts of a flower and why each part is important.

### Westfield on Tour

The children will be taking an imaginary trip to Africa this term. They will be getting onboard a plane and flying to Kenya to meet lots of interesting creatures.

### Final Assessments

We will be doing some assessment work with the children this half term. They be to gage your child's understanding of what they have learned this year. This will be used alongside teacher assessments.
